FOUNDATION

The Montgomery Community College Foundation was reactivated in 1995 to support the college by soliciting and managing funds for scholarships, awards, equipment, books and other purposes to enable and enrich the college experience for students. The community has strongly supported the Foundation and its assets grew to 3.68 million dollars, with 74 students receiving scholarship support during the three semesters in academic year 2018. The Montgomery Scholars program offers every student who graduates from high school in the county a scholarship to cover tuition and $250 toward books beginning in the fall semester in the year of graduation. Twenty-one (21) first year Montgomery Scholars were awarded in academic year 2018, and four (4) second year scholarships were awarded.
